

**AMENDMENTS TO THE SPECIFICATION:**

Please insert the following paragraph after the title and before the first paragraph of the specification:

This application is a divisional application of U.S. Application No. 09/907,619 entitled ULTRA-LOW CARBON STEEL SHEET AND A METHOD FOR ITS MANUFACTURE, filed on November 21, 2001, the entire content of which is hereby incorporated by reference.

Notes:

Rough bar heater: This was an apparatus for carrying out heating or a short period of temperature holding after rough rolling during hot rolling  
 BAF: batch annealing CAF: continuous annealing CGL: continuous hot dip galvanizing
